

Zoom - Room

MAXIMIZE your Living Space™

RETAIL PRICE LIST (09/09)

Touch the wireless remote and Zoom- Room's premium latex mattress effortlessly floats into the room. Supported by a 10-year warranty German-designed and patented slatted frame, the mattress slides out from behind the free-standing cabinetry. Hidden in a 24" deep cabinet when closed, the mattress does not disturb any TV or shelving that has been designed into the cabinetry.

The Zoom-Room mechanism is available alone, with standard cabinetry or with custom cabinetry. The mechanism has a child safety lock built into the remote and stops moving as soon as the remote button is released. A built-in battery backup permits operation in times of local power outages.
